6-week semester

THROWING ON THE POTTERY WHEEL CHILDREN'S CERAMIC CLASSES

Ages:
7+ yrs
no exceptions

Learning the potter's wheel can be challenging. But, here at the Artistic Hand we offer the rare opportunity for children to learn the skill! During this 6-week class, children ages 7 and older will learn the steps of "throwing" on the potter's wheel. They will also finish their pieces by trimming and glazing them.

During each one-hour class, Ms. Julie and Ms. Kim help with the most challenging aspects of wheel throwing, while new ideas and creativity are encouraged. This is a structured, skill-building class, and good behavior is required!
