PRECIOUS METAL CLAY

8-week term

During this class, you will learn how to make your own fine silver jewelry creations using precious metal clay. Each week a new project will help you gain a variety of skills and techniques for making your own original designs. Once fired, your jewelry creations will be .999% pure silver making them additionally precious and unique.

All firings and tools are included, but there will be an additional charge for the precious metal clay and any gemstones used during the course. Perfect for all skill sets from beginners to PMC experts.

PAINTING, DRAWING & MORE

7-week term

This class is for people who are interested in learning a new skill, refining their drawing skills, or wanting to work with paints – from water color to water soluble oils. The class is available to any skill level, from beginners to advanced. Teens interested in this class should be 16 years of age or older, self-driven with an ability to work independently and have specific goals in mind. No two people work on the same image/subject and all artists learn to work in a variety of media of their choosing.

In addition to scheduled class times, your registration also allows you to work on your own during scheduled OPEN STUDIO times throughout the week.
