

ALL ABOUT THE CLAY

ADULT CERAMIC CLASSES

During this 8-week class, you will learn a variety of ceramic techniques including hand-building, wheel throwing, decorating techniques, and glazing! Once you have gained a core skillset in how to work with clay, you will then have the opportunity to create whatever forms you wish under the guidance of our instructors. Simply let your imagination reign.

In addition to scheduled class times, your registration also allows you to work on your own during scheduled open studio times throughout the week. All tools and materials are at your disposal with the exception of the clay itself, which is provided at a student cost of \$20 per 25lb bag. All pieces will be fired within two weeks at no cost unless they are unusually large or numerous.

This class is perfect for all skill sets from ceramics beginners who want to learn the basics to clay experts who want to try more advanced techniques.

The Artistic Hand prides itself on its fun and generous community of aspiring and experienced artists. Our classes are a great way not only to invest in your creativity, but to meet wonderful people in a relaxing environment.
